

Pharmacy opportunities (WORK FROM HOME)

We have a national client who is looking for numerous pharmacists to work from home (**Full Time Evening and Night Shifts only** – NO part time available). This is a very unique position. The salary and benefits are very competitive. Candidates do not have to LIVE in Virginia but must be licensed in Virginia and need to have at least one year of hospital experience. The position involves at least 90 days training in Richmond, Virginia – our client, however, will not pay travel/hotel expenses – you will be getting paid your regular salary (while you train). If you are not already licensed in Virginia you can be working towards your Virginia license while you train.

If you would like more information, please contact me via phone or e-mail. I will need your CV and a good number and time to call you when you can speak freely. We can help you meet your career goals and there is no cost to the candidate for our services. We look forward to hearing from you.
