Hospital Pharmacy
Strategic National Stockpile (SNS)
Annual Training and Review of Updates

2015 Focus: Hospital Ordering of SNS Resources; Best Practices SNS Planning; Lessons Learned From Ebola Planning Efforts

A Continuing Education Program for Hospital Pharmacists

Tuesday, May 12, 2015
Days Hotel, Flatwoods, WV

Part I

Part II
(2:00 - 2:50pm) Hospital Ordering of SNS Resources Mandatory for all hospitals
(3:00 - 4:00pm) Best Practices, SNS Planning Mandatory for all hospitals
(4:00 - 4:40pm) SNS Updates and Lessons Learned from Ebola Planning - Mandatory for all hospitals

Supported by:
West Virginia Department of Health and Human Services Bureau for Public Health Threat Preparedness Program,
National Bioterrorism Hospital Preparedness Program Grant,
and the West Virginia Poison Center
**Program Description**

The Hospital Preparedness Grant (received by each hospital for the 2014-2015 fiscal year) has two deliverables related to hospital pharmacy practice. Grant deliverables must be completed in order for the hospital to receive its grant funding.

1) Each hospital pharmacy must complete the Strategic National Stockpile (SNS) Hospital Pharmacy Planning Template for their facility and submit an updated copy, each quarter, to the WV DHHR Threat Preparedness Office (in the Excel format). All sections of the planning document must be completed.

Note: Each hospital must have an SNS Hospital Pharmacy Plan. If a hospital pharmacy serves more than one location, a plan will be required for each location that it serves. One pharmacist may attend for all of the facilities for which his or her hospital serves as long as that pharmacist will be responsible for the planning for all associated facilities.

2) Each hospital pharmacy must send at least one pharmacy representative to a SNS Best Practices Session conducted by the WV SNS Deputy Coordinator.

Note: If any hospital pharmacy has had staff turnover resulting in the hospital pharmacy not having staff pharmacists who have completed a Hospital SNS Planning session or a Weapons of Mass Destruction Task Force training session, the hospital is required to send at least one pharmacist to this Hospital SNS Planning Overview Program.

All hospitals received notification of these two grant deliverables.

**NOTE:** Pharmacists should bring a copy of their current SNS template to the program.

**Other Information**

For questions or other information, please contact Michael Kurilla, M.Ed., CE Program Specialist, at mkkurilla@hsc.wvu.edu, or at (304) 293-5103.

**Learning Objectives**

At the end of this training session, the pharmacist will be able to:

**Part I: ACPE# 0072-0000-15-027-L04-P (Knowledge-based)**

1. Discuss weapons of mass destruction and public health disaster surveillance and management principles.
2. Discuss the core components of a Strategic National Stockpile (SNS) plan as they relate to hospital pharmacy SNS disaster planning.

**Part II: ACPE# 0072-0000-15-028-L04-P (Application-based)**

1. Utilize knowledge of Federal and WV SNS planning guidelines to update hospital pharmacy SNS plans.
2. Define the process for placing an SNS order.
3. Utilize knowledge of the SNS planning process to develop the pharmacy components of an SNS hospital drill.
4. Provide feedback to state and federal partners on unmet hospital needs for SNS planning implementation.

**Continuing Education**

West Virginia University School of Pharmacy (WVUSOP) is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. Part 1 of this program, ACPE# 0072-0000-15-027-L04-P, is approved for 1.0 hours (0.1 ceu’s) of continuing pharmacy education credit. Part 2 of this program, ACPE# 0072-0000-15-028-L04-P is approved for 2.5 hours (0.25 continuing pharmacy education credit). Statements of credit will be available online to participants who attended the entire session, signed the attendance sheet, and completed an online evaluation form.

**Faculty**

Elizabeth J. Scharman, Pharm.D., DABAT, BCPS, FAACT
Deputy Strategic National Stockpile Coordinator, WV
Director, West Virginia Poison Center
Professor, Department of Clinical Pharmacy
WVU School of Pharmacy, Charleston, WV

Dr. Scharman has been involved with the Strategic National Stockpile since its beginning in West Virginia (December 2001) and has been with the West Virginia Poison Center and the West Virginia University School of Pharmacy since July of 1992. She has also been involved with the Kanawha/Putnam Emergency Planning Committee since 1994. She received her B.S. in pharmacy from Butler University in Indianapolis, Indiana, her Pharm.D. from Virginia Commonwealth University (Medical College of Virginia), and completed a Fellowship at the Pittsburgh Poison Center/University of Pittsburgh.

**Date and Location**

Tuesday, May 12, 2015
Days Hotel, Flatwoods, WV
2000 Sutton Lane
Sutton, WV 26601
866-700-7284 or (304) 765-5055
