
AMERICAN PHARMACISTS ASSOCIATION'S

A CERTIFICATE PROGRAM FOR PHARMACISTS

WEST VIRGINIA UNIVERSITY SCHOOL OF PHARMACY

MAY 6, 2017

WEST VIRGINIA UNIVERSITY – ROBERT C BYRD HEALTH SCIENCE CENTER NORTH – MORGANTOWN, WV
Room 119A

For more information, please contact: Michael Kurilla, M.Ed., at 302-293-5103 or mpkurilla@hsc.wvu.edu

APhA's The Pharmacist & Patient-Centered Diabetes Care certificate training program (5th Edition) is an intensive educational experience designed to equip pharmacists with the knowledge, skills, and confidence needed to provide effective, evidence-based diabetes care. Five self-study modules provide comprehensive instruction in current diabetes concepts and standards of care. The live seminar incorporates case studies and hands-on skills training focused on the situations most likely to be encountered—as well as the services most needed—in community and ambulatory care practice settings. Participants will gain experience evaluating and adjusting drug therapy regimens for patients with type 1 and type 2 diabetes, counseling patients about lifestyle interventions, analyzing and interpreting self-monitoring of blood glucose results, and assessing the overall health status of patients to identify needed monitoring and interventions.

The goals of this program are to:

- Provide comprehensive instruction on current standards of care for patients with diabetes
- Increase pharmacists' ability to apply pharmacotherapeutic information and serve as the drug therapy expert on the diabetes health care team
- Refresh pharmacists' knowledge of the pathophysiology of diabetes and the acute and long-term complications of the disease
- Familiarize pharmacists with important concepts in nutrition, exercise, and weight control that contribute to optimal diabetes care
- Provide training on the use of diabetes-related devices and physical assessments involved with optimal diabetes care
- Describe business opportunities and roles for pharmacists in improving health outcomes for patients with diabetes

APhA's The Pharmacist & Patient-Centered Diabetes Care certificate training program has two components: online interactive self-study with assessment; the live seminar which includes demonstrating competency in blood pressure testing, self-injection techniques, diabetic foot exam, and blood glucose testing, followed up with online evaluation and assessment. A Certificate of Achievement will be awarded to participants who successfully complete all program components.

Key Learning Objectives of the Live Training Seminar

At the completion of this activity, the participant will be able to:

- Evaluate the overall health status of patients with diabetes in terms of recommended monitoring and interventions, and formulate strategies for closing gaps in care
- Propose modifications to a patient's drug therapy regimen rooted in evidence-based algorithms for diabetes management
- Recommend dietary interventions to support optimal glycemic control and weight loss (when indicated) in patients with diabetes
- Analyze and interpret a patient's self-monitoring of blood glucose results and use the results to identify needed changes in the diabetes management plan
- Demonstrate proper technique for measuring blood pressure, administering injections, obtaining fingerstick samples for blood glucose monitoring, operating blood glucose meters, and performing monofilament foot testing
- Integrate the varied aspects of comprehensive diabetes care into efficient, sensitive, respectful pharmacist-patient interactions that support optimal patient self-management
- Describe ways in which pharmacists can keep abreast of new developments and take advantage of professional opportunities in diabetes care

For a complete list of learning objectives and for all APhA accreditation information and policies, please visit APhA's website, <http://www.pharmacist.com/pharmacist-patient-centered-diabetes-care>.

Seminar Agenda

- 7:00am Check-in and Continental Breakfast
- 7:30am Welcome, Introductions and Acknowledgements
Comprehensive Diabetes Care
Treating Type 2 Diabetes
- 10:00am Break
- 10:15am Insulin Therapy in Type 1 and Type 2 Diabetes
- 12:15pm Lunch and Networking
- 1:00pm Nutrition and Lifestyle Counseling for Patients
Hands-On Skills Practice
- 3:00pm Break
- 3:15pm Next Steps and Resources
- 4:45pm Post-Seminar Final Instructions

Faculty

Ashleigh L. Barrickman, Pharm.D., Director of Skills Development
Clinical Assistant Professor, WVU School of Pharmacy, Morgantown, WV

Dani Dolin, Pharm.D., CDE, CPT, Clinical Pharmacist, Morgantown, WV

Continuing Pharmacy Education (CPE) Information and Activity Completion Requirements

Initial release date: 12/15/2014; expiration date: 12/15/2017

Activity Type: Practice-based

Target Audience: Pharmacists in all practice settings

- Successful completion of the self-study component involves passing the online self-study assessment with a grade of 70% or higher and will result in 15 contact hours of CPE credit (1.5 CEUs). **ACPE Universal Activity Number: 0202-9999-14-165-H04-P.**
- Successful completion of the live seminar component involves attending the full live seminar, demonstrating competency in blood pressure testing, self-injection techniques, diabetic foot exam, and blood glucose testing, passing the online final exam with a grade of 70% or higher, as well as, completing the online evaluation. Successful completion of this component will result in 8 contact hours of CPE credit (0.8 CEU). **ACPE Universal Activity Number: 0202-9999-14-166-L04-P**

Once credit is claimed, Statements of Credit will be available online within 24 hours on participant's CPE Monitor profile at www.nabp.net. The Certificate of Achievement will be available online upon successful completion of the necessary activity requirements on the participant's "My Training" page on www.pharmacist.com

The American Pharmacists Association is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Technology requirements and suggestions for a better learning experience.

In order to participate in this activity, participants must have access to a computer with these minimum system requirements:

Hardware Requirements

- 128 MB of RAM
- 16-bit video card capable of 1024x768 screen resolution or better
- Speakers or headphones

Software Requirements

Microsoft Windows Users

- Microsoft Windows 98 SE, Windows NT 4.0 SP6a, Windows 2000 SP4, or Windows XP Service Pack 1, Service Pack 2, or Service Pack 3, Windows Vista, Windows 7, or Windows 8
- Internet Explorer 8.0 or later, Firefox 1.5 or later, or Chrome

Apple Users

- Mac OS X 10.3 or later
- Safari, Firefox, or Chrome
- Adobe Flash Player Version 10
- Adobe Acrobat Reader

Additional software (for, Windows, Mac OS and all other operating systems, including mobile platforms)

APhA's learning activities are designed with multimedia which is best experienced while using a PC or Mac that is equipped with the hardware and software components described above. Although activities may also be viewed using portable devices, it is not recommended.

The Pharmacist & Patient-Centered Diabetes Care certificate training program for Pharmacists was developed by the American Pharmacists Association © 2014 American Pharmacists Association.

Refund Policy

Cancellations received in writing at least 7 days prior to the program (fax 304-293-2529 or e-mail mpkurilla@hsc.wvu.edu) will be charged a \$150 cancellation fee then refunded the remaining registration fee. We reserve the right to cancel the program. In the event of a conference cancellation, registrants will be notified by phone and a full registration refund will be made.

Program Costs

Registration will be taken on a first come first serve basis. Participant cost will be \$400 per pharmacist and \$300 per student. This amount includes the cost of self-study and seminar materials, continuing pharmacy education credit, continental breakfast, lunch, and breaks. Lodging, travel, and dinner expenses will be the responsibility of the participant. Cancellations received in writing at least 7 days prior to the program (fax 304-293-2529 or e-mail mpkurilla@hsc.wvu.edu) will receive a full refund minus a \$150 cancellation fee. We reserve the right to cancel the entire program. In the event of a conference cancellation, each participant will be notified via phone and a full tuition refund will be made.

If you would like to become a participating PEIA Pharmacist and are a CDE or have attended a previous Diabetes Certificate program, please contact Amber Harper at (304) 558-7850 Ext 52678.

Hotel Information

A block of rooms will be held at the Holiday Inn at 1188 Pineview Drive (close to the Health Sciences Center) until **APRIL 21, 2017** at the rate of \$99 plus tax. To reserve a room, call 304-241-6649 and mention group code "CTP". Or go to [WVU Certificate Training Program](#) to make reservations.

Location, Directions, Parking

Located at the intersection of I-79 and I-68, WVU is approximately 70 miles south of Pittsburgh and 200 miles northwest of Washington DC. It is accessible by the Morgantown Municipal Airport (MGW) or the Pittsburgh International Airport (PIT). From I-79, take exit 155 (West Virginia University and Star City) and turn towards Morgantown. At the 2nd traffic light, bear slightly to the right onto US 19 South and proceed to the 2nd traffic light (WVU Coliseum - large domed concrete building on the right). Turn left onto Patteson Drive. Just before the 3rd traffic light, turn right onto Elmer Prince Drive. Move into the left lane and follow the signs to Health Sciences Center or the Emergency Room (the road will curve into a turnabout and follow the arrows uphill to McQuain Pavilion). Pass the small guard booth and continue into the parking lots (parking is not restricted since this is a weekend event). Enter the Health Sciences Center North through the Family Medicine Entrance. There will be WVU School of Pharmacy signs outside and inside directing you to the program.

Diabetes Certificate Program Registration Form

May 6, 2017 – Robert C Byrd Health Sciences Center North, Room 119A

Each seminar is limited to a maximum of 60 people. Registrations will be taken on a first-come, first-served basis. Registration is required at least seven days prior to each program.

Preferred registration and payment is online in our continuing education management system at <https://pharmacyce.wvu.edu/user/login> with a Visa, MasterCard, American Express, or Discover Card.

You can fax registration form to 304-293-2529. For registration and payment assistance please contact Michael Kurilla, M.Ed., CE Program Specialist at 304-293-5103 or email mpkurilla@hsc.wvu.edu, or contact Dr. Ginger Scott, Director of Continuing Education, at 304-293-5103 or email vscott@hsc.wvu.edu.

Please print or type: (One form per pharmacist)

Program Fee:	Please circle:
____ Pharmacist	\$400
____ Student	\$300

****If you would like to become a participating PEIA Pharmacist, an informational session will be held immediately following this program (see back of registration form).***

Self-study materials will be available online (no sooner than 30 days prior to program date) and information to access self-study materials will be emailed to participants. If you have not received an email with this information, please contact the WVU School of Pharmacy at 304-293-5103. Cancellations received in writing at least 7 days prior to the program (fax 304-293-2529 or e-mail mpkurilla@hsc.wvu.edu) will be charged a \$150 cancellation fee then refunded the remaining registration fee. We reserve the right to cancel the program. In the event of a conference cancellation, registrants will be notified by phone and a full registration refund will be made.

Questions regarding the program should be directed to the WVU SoP Office of Continuing Education Program at **304-293-5103** or email mpkurilla@hsc.wvu.edu or vscott@hsc.wvu.edu. Visit us on the web at <http://pharmacy.hsc.wvu.edu/CE/Live-Programs>.

West Virginia Public Employers Insurance Agency Face to Face Diabetes Training for Pharmacists

Are you interested in becoming a participating Pharmacist for the PEIA Face to Face Diabetes Program?

If yes, an informational session on the program will be held immediately following APhA's The Pharmacist and Patient-Centered Diabetes Care Certificate Training Program. Information will be provided on how you or your pharmacy can participate in the program to provide care for your patients with diabetes. The session will be approximately one hour in length (4:30 – 5:30 p.m.) and will be provided by the following individuals:

Amber Harper, Face to Face Diabetes Program Manager, WV Public Employees Insurance Agency, Charleston, WV

Felice B. Joseph, R.Ph, Pharmacy Director, WV Public Employees Insurance Agency, Charleston, WV

There is no charge for this session. Please forward this information to Michael Kurilla at 304-293-5103, or by email at mpkurilla@hsc.wvu.edu, or by fax at 304-293-2529.

Name: _____

Please check:

Yes, I will be attending the PEIA Informational Session _____

No, I will NOT be attending the PEIA Informational Session _____

If you would like to become a participating Face to Face PEIA Pharmacist and have attended a Diabetes Certificate program or are a CDE, please contact Amber Harper at (304) 558-7850 Ext. 52678.
