LEARNING OBJECTIVES

At the conclusion of the activity, the participants will be able to:

Beyond COVID-19...Other Vaccination Opportunities for Pharmacists! (Knowledge-based)

- Recommend vaccinations based on patient specific factors.
- Identify successful strategies and techniques for vaccinating children and teens.
- Examine reasons for vaccine hesitancy and how to address them.
- Discuss how to safely administer vaccinations amidst the pandemic.

New Drugs (Knowledge-Based)

- Identify resources that will assist pharmacists in maintaining their knowledge base of new drugs.
- Explain why not all drugs are listed in just one database.
- Give an overview of new molecular entities (1P - 1S medications) that have impacted healthcare in 2020/ 2021.
- Review ancillary resources that will assist in appropriate drug use (example: drug shortages, REMS, NIOSH, etc.).
